INDEPENDENT JEWELLERY SERVICES

It has been my privilege, as a personal jeweller, since 2003 to provide many corporate gifts and awards, professional consultations and valuations in clients' homes or offices and to offer advice on designing unique pieces or having existing jewellery repaired or remodelled.

As a qualified diamond grader, I am able to source and supply a wide range of laboratory certified diamonds, pearls and a variety of beautiful gemstones for engagement rings, wedding bands, pendants, earrings and bracelets.

My attention to detail and insistence on quality workmanship is shared by the reputable goldsmiths with whom I am associated & my network of established suppliers enables me to offer a range of branded watches, jewellery and corporate gifts.

## STATISTICS SHOW THAT MOST JEWELLERY IS UNDER-INSURED.

Don't be a statistic - A professional valuation is an essential safeguard if jewellery is lost, stolen or damaged.

I can advise you on which items should be specified and inform you of any repairs that are needed to worn or damaged items. I offer this personalised service in the privacy of your home or office.

For peace of mind, jewellery should be reassessed every 2 years.
